

Student Honour Code

The Arise Home Education student honour code represents the standards of the online community every student chooses to join when enrolling in a course. The goal of this Christian community is to bring imperfect people of different backgrounds together to learn and grow in a way that honours God and others.

As an Arise Home Education student, I agree to abide by the following commitments for the duration of the academic year:

- I will read the [Arise Student & Parent Handbook](#) carefully.
- I will take responsibility for homework deadlines and submissions.
- I will complete my coursework with Christian integrity. I will not lie, cheat, or plagiarise.
- I will address Arise Home Education tutors and staff with respect, and speak respectfully about them to others.
- I will treat my classmates kindly and respectfully, even when I disagree with them.
- I will approach conflict and disagreement humbly, seeking resolution in the spirit of Matthew 18.
- I will speak and write graciously, not using profane, explicit, or offensive language.
- I will act prudently and will not share inappropriate or explicit material.
- I am willing to be held accountable to these tenets, by my parents and Arise Home Education tutors and staff.

Failure to adhere to the relevant parts of the student honour code will have the student removed from the live zoom class and parents will be contacted.
